

WEDDINGS

SPACE & LOGISTICAL CONSIDERATIONS

Weddings vary greatly across different cultures, personal preferences, budgets and logistical considerations. Use this as a reference for how formats can vary depending on guest count and style of service.

CEREMONY + COCKTAIL HOUR + TRADITIONAL RECEPTION + DANCING

Ceremony - in the Main Studio

Room Flip - Allow for 60-90 min

Cocktail Hour - outdoors and in the green room.

Dinner Reception - in the Main Studio

Dancing - add 15-20 min for table removal for dancing if guest count is over 150.

MEAL SERVICE STYLE

The number of guests directly impacts the style of service for meals and receptions. For example, a plated dinner service is preferred for a smaller guest count and may not be possible for 150 guests or more. A buffet or food stations might accommodate a larger crowd better.

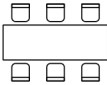

Talk with your caterer about what meal service can best accommodate your guest count.

SPACE LIMITATIONS

Our Main Studio can seat up to 175 for dinner. See floor plan examples for the style dinner you prefer to have.

Room Flip - Room flips are required at times if you want to do multiple activities in the same location.
